Head Lice Information

Children will be checked for head lice before boarding the bus to camp. If head lice or nits are detected you will be given two options. You have the opportunity to treat your child and bring them to camp later that day, where they will be checked again before joining the program, or with your permission we will transport them to camp where they will be treated with the appropriate medicated shampoo.

Camp Subsidy:

Stevenson Children's Camp provides subsidy to all campers. This is the reason that no applications will be accepted without the referral filled out. The TRUE COST OF CAMP is close to \$400.00 and the camp works very hard to secure funds so that no family pays more than \$20.00. We ask that if families feel they can pay more than \$20.00 that they consider making a donation to help support future projects and growth of the camp. DONATION information can be found on our website.

CAMPER CONDUCT:

At Stevenson Children's Camp we expect that all campers and staff will live, work and play in a spirit of fun, respect and cooperation. The expectation for behavior includes;

- Calling people by their given names in a gentle, respectful way.
- Respecting each other's privacy and belongings.
- No one will hurt, ignore or make fun of people for their clothes, the way they speak, the colour of their skin, or for who they are or what they think!
- All campers will listen to everyone's ideas and take turns in speaking and playing.
- No camper is to bring electronic games, matches, lighters, expensive jewelry, cell phones, extra money or toys that look like weapons.
- **FAILURE TO COMPLY WITH THIS CONDUCT MAY RESULT IN YOUR CHILD NOT BEING ABLE TO FINISH THEIR CAMPING EXPERIENCE AND BEING SENT HOME**

BULLYING:

Bullying is unwanted, aggressive behavior among school aged children that involves a real or perceived power imbalance. The behavior is repeated, or has the potential to be repeated, over time. Both children who are bullied and who bully others may have serious, lasting problems.

In order to be considered bullying, the behavior must be aggressive and include:

an Imbalance of Power: Children who bully use their power—such as physical strength, access to embarrassing information, or popularity—to control or harm others. Power imbalances can change over time and in different situations, even if they involve the same people.

Repetition: Bullying behaviors happen more than once or have the potential to happen more than once.

Bullying includes actions such as making threats, spreading rumors, attacking someone physically or verbally, and excluding someone from a group on purpose. **PLEASE REVIEW THIS WITH YOUR CAMPER AND ensure they know to REPORT THIS TO ANY COUNSELLOR IMMEDIATELY.**
